Welcome Letter

Dear Colleagues,

We are pleased to welcome you to the first International Congress of In Vitro Fertility Centers taking place in Paris. The origin of the congress goes back a few years ago when Pr. Botros Rizk, head of the South Alabama IVF Center and several founding members were invited to discuss a new congress dedicated to the organizational and quality aspects of IVF Centers.

“All women and more generally all families across the world should have access to fully equipped, high-quality, dedicated IVF Centers/Units, that provide competent and comprehensive care.”

In 2019, the aims of the congress were further discussed and it was decided to work on a world platform for IVF Centers without frontiers. Much emphasis is now placed on multidisciplinary care, quality management and economic issues.

This year, we are extremely grateful to the more than 60 world experts from 20 countries and 5 continents who accepted to discuss different aspects of IVF Multidisciplinary Care. We also especially want to thank the city of Paris and all the members of the executive and local organizing committee for their commitment and support.

SPEAKER INFORMATION

DEPOSITING OF FILES

Your computer file must be handed over to the personnel in the Preview Room either as a CD, or a USB Key, as far in advance as possible and two hours before the beginning of each session at the latest (the presentation for an early morning session should be handed over the evening before). Sessions are tightly scheduled and it is important that the allotted time be respected.

ABSTRACT

The abstracts must comprise 1 to 3 pages in Word format and include a bibliography.

They will be placed in a book of abstracts, which will be distributed during the congress.

ARTICLES

The articles of the unabridged versions of the work presented will be published in order to make their content accessible to a wider audience.

All publications including the abstracts will be in English. Mandatory deadline for receipt of abstracts and articles: **18 MAY 2020**.

The articles will be published in english, in the International version of the Journal «Reproduction Humaines & Hormones» during the congress.

For more information: www.eska.fr

Communications are not definitive and committees are working on the programme. Speakers are invited to make new proposals.

Important information for speakers:

Sessions: The titles of the sessions are not definitive and subject to change. Your amendments and comments are very welcome.

Communications suggested: The executive committee suggested some communications to indicate the topics and direction of the session.

PROGRAM STRUCTURE

TARGET AUDIENCE

The Conference is a forum for physicians and health professionals with special expertise or interest in Surgery, Biology, Imaging, Quality Management and Multidisciplinary care. Advances in these fields will be highlighted through the presentation of scientific research and clinical applications, daily practice and management experience.

Within each theme, the program committee has identified several important issues in the area.

SCIENTIFIC SESSIONS

The scientific sessions will begin with introductory notes by the session chairs, followed by presentations by invited speakers or selected abstracts for oral delivery. The sessions will include a keynote address, summary presentations, review talks, emerging research, presentations and new data on various topics which will provide broad coverage of the scientific

spectrum and ensure that everyone will find topics of interest. The overall program includes 33 scientific sessions.

CALL FOR FREE PAPERS

Abstracts for oral and poster communications should be sent only by e-mail : congres@eska.fr

Mandatory deadline for receipt of abstracts :

18 MAY 2020.

For any information please contact us by e-mail.

Only the abstracts received on time will be considered.

Proposals for contributed papers are subject to approval by the Scientific Committee.

Abstracts of free papers will be published in the next issue of the International Journal of IVF Centers.

1st International Congress In Vitro Fertility Centers 2020

10-11 July 2020

Campus Eiffel, 10 Rue Sextius Michel, 75015 PARIS-France

WELCOME

Dear Colleague,

In the last 10 years, experience in the USA, the Middle East, and Europe has shown that patients increasingly expect a quality and multidisciplinary approach in the treatment of fertility. We felt that the time was right to organize an international congress on the subject and are pleased to announce [the first International Congress of IVF Centers](#) which will take place in Paris, France from 10-11 July 2020. It will gather together the major centers involved in the detection, prevention and treatment of infertility and is supported by more than 40 national and international societies of fertility and gynecology.

With the support of the major IVF Centers we are establishing a Board of National and International Medical Societies and Centers associated with this international congress, and would be honored to welcome you. We look forward to your participation.

Pr. Botros RIZK, Co-Chair of the congress
President Middle East Fertility Society

Pr. Joëlle BELAISH ALLART, Co-Chair of the congress
Head of the IVF Center, 4 Cities Hospital, Saint Cloud, France

Pr. Philippe MERVIEL, Co-Chair of the congress
Head of Gynecology-Obstetrics Depart. Univ. Hospital Brest France

CALL FOR ABSTRACTS

All registered participants are invited to submit an abstract for poster presentation. The best abstracts will be selected for oral presentation. Abstracts should be sent to congres@eska.fr. Mandatory deadline for abstract reception: 30 March 2020. The abstract must comprise 1 to 3 pages in word format and include a bibliography. Previous registration is necessary. Please follow the model available at: www.eska.fr. For further information please contact us by e-mail. Only the abstracts received on time will be considered. Proposals for contributed papers are subject to approval by the Scientific Committee. Abstracts of free papers will be published in the abstracts book of the congress.
